

# *Michigan State Baja Racing*

The Michigan State University Baja SAE Racing Team would like to request your support for the 2009-2010 racing season. The Baja SAE Collegiate Design Competition requires student teams to design, build, and race an enclosed off-road vehicle. Each team submits a report detailing the design and cost considerations that went into making the vehicle. They are then evaluated on their performance in various dynamic events designed to test individual components of the vehicle culminating in a four-hour endurance race.

The MSU Baja SAE team prides itself in designing cutting edge vehicles and leading the International Baja SAE series in innovation and technology. This past season, the team traveled to all three SAE events after constructing an entirely new racer with a revolutionary transmission as well as reworking the groundbreaking four-wheel-drive car from the previous season. The team received a Sportsmanship Award for supporting Central Michigan University's team by hauling their vehicle and equipment to Baja SAE Oregon, an event they would have been otherwise unable to attend. Also, the team had multiple top-20 design finishes and a fourth place sled-pull run,

In the upcoming racing season we are looking to continue the traditions of MSU Baja and push the envelope of originality. The team's racing opportunities are solely dependent on contributions from companies and individuals like you; and we would like to invite you to join us for the 2010 season. We very much appreciate your consideration and look forward to further developing a relationship with your company. For more information regarding the team or benefits of sponsorship, please contact us at the email address below or visit our website: [www.MichiganStateBaja.com](http://www.MichiganStateBaja.com).

Sincerely,

Trevor DeLand – Project Manager
